

FLOTILLA "ADVANCE YOUR SKILLS"

15-21 of October 2016

SAIL IN A GROUP - EXTEND YOUR KNOWLEDGE

WHAT IS A FLOTILLA?

We have a maximum of six to eight yachts sailing together in a small fleet, also called flotilla. The flotilla is lead by an experienced skipper and his crew on the escort yacht.

WHO CAN PARTICIPATE?

This flotilla is ideal for sailors with little experience or those who haven't gone sailing awhile. If you enjoy sailing in a group this is a very relaxed method to improve your skills and to broaden your experience. You are sailing with your friends and family on the charter yacht of your choice but we don't leave you alone. You will have the safety of constant support during your entire trip without losing your freedom.

ROUTE PLANNING

The route planning is done together. Besides the preferences of the participants, wind and weather conditions are a determining factor of course. You will experience the best of Mallorcan cruising grounds including a trip to the protected archipelago of Cabrera.

THIS FLOTILLA INCLUDES:

- Escort yacht with crew
- Daily meetings/route planning
- Organisation/booking of berths, moorings etc.
- Organisation of two or three social events, e. g. first get together, farewell BBQ, paella on the beach
- Improve-your-skills training units, e. g. docking/anchoring, setting sails-reef-trim, handling of charts and marine electronics.

PRICES/DATE

In 2016 we will offer an **autumn flotilla from 15th to 21th of October**. The weather is still reliable at that time of the year and the water has an average temperature of over 20°C.
